What do you know about life in Siberia?

Have you ever heard about Novosibirsk? I live here and I can tell you a lot of interesting things about this amazing city.

We have many entertainments. For example, we go skiing every winter. We live in Siberia that is why we have as much snow as you have never seen before. We have communities, which ~~are~~ combined by occupation. Therefore we hold ~~me~~ lots of events in summer, like a song festival or the day of youth. Also schoolchildren make various social surveys. ~~We have a rather special~~ ^{not so long ago} They picked data about our senior citizens. They asked them about their favourite dishes. They pupils ~~at~~ write the project about tastes.

If you ~~will~~ come to Novosibirsk, you should visit the Zeltsovskiy park. It is ~~the~~ beautiful place! There ~~are~~ you can find many cafes, which will feed you excellent food, ~~quite~~ quiet spots and others. Also the Novosibirsk zoo must be paid attention by you.

Russia is full of ^{of} impressive cities and towns. But have you ever heard about Novosibirsk?

Nowadays people try to make their lives more and more interesting and attractive. Unfortunately there are no such many possibilities. For example little villages and towns can not afford themselves some of them.

Summer Olympic games take place in our village every four year. This event is very important for us because this is the chance to show your sport skills and take part in a real competing. Also, for meeting new people and a little travelling from one village to another. We also have a great event on New Year. We have songs, dances on the Square and wonderful fireworks at 12 p.m.

There are a lot of holidays and special events, which people celebrate by their own, among the members of family and friends.

Unfortunately in the modern world people sometimes forget about our roots and traditions. And do not celebrate them as past generations did. Also there are holidays which are forgotten. Not only in our region but all over the country.

To sum up, I would like to say that little places are losing their importance. And unfortunately we can not stop it. We should just take pleasure from holidays we have, yet, but try to save our traditions as long as possible.
